LITERARY NOTICES.

Prospectus of the Chio Statesman. THE undersigned respectfully announce to the DEMOCRACY OF OHIO, that they have purchased of Col. SAMUEL MEDARY, all his interest in the Ohio Statesman newspaper, from and after the 1st of July, 1845. The paper will, as heretofore, advocate, unflinchingly, Democratic Principles and measures, and give the strongest support to the regu-Party, that it will be in the power of the undessigned to afford. To firmly support the National Administration-to maintain the right of this country to the territory of Oregon. to uphold the great doctrine of the sovereignty of the people, as contended for by the patriot Dorn-to contend for the adjustment of the tariff in such a manner as shall do justice to the great Agricultural interest of the West-to labor for the settlement of the National Finance question in a way that shall prevent the public moneys from becom ug the means of individual aggrandizement and to strenuously support any measure calculated to make the laws of Ohio embodimeats of the principles of Liberty and Equality, and to give to the State a sound currency; - hese are the objects which the undersigned propose to themselves in the new and arduous position which they have assumed. Their success must depend upon the amount and the character of the support which they shall receive at the hands of the Democracy of the great Empire State of the West, whose voice in the National Councils is so important, and whose example, in the management of their internal affairs, is destined to exert a vast influence upon all quarters of the Union, and particularly to give a character to the legislation of the new communities which are constantly arising, and demanding to be admitted to the rights and privileges enjoyed by the members of the confederacy.

The undersigned have invested a large amount of capital in their present undertaking. They have brought to its support, whatever of talent and enterprise they p. ssess. Their interest is identical with that of the West; and there is no incertive to exertion-no motive which can incite men to a faithful discharge of important duties-which is not moving them to labor for the good of that portion of the confederacy into whose hands he physical and moral powers of the nation are rapidly passing. Under these circumstances, they feel that they are privileged to ask for that support and to look for that confidence from the Democracy of Ohio, without which all their labors must be worse than performed in vain.

The undersigued propose making some mechanical improvements in the paper, which will render it more worthy the support of the public. A fair proportion of the paper will be devoted to miscellaneous reading and news matter.
